Description

- Add a TSW-760 next to the dimming panel in the closet. Existing touchscreen are deleted.
- Add a DIN-AP3 and PoE switch in an enclosure next to the dimming cabinet.
- Replace the 3 existing keypad locations w 2 cameos each.
- Replace the EEPROMs as necessary, Crestron confirms they have them.
- Replace defective dimming modules as necessary. We have carried 10 spares
- System will be standalone until the network cabling is run and a new head end is installed.
- We will match the existing program
- The DH is digital now, I recommend we try and install an analog device w a SIM.
